SECRET
of making
COTTON GOODS
look and feel
like **LINEN**

You will be surprised to know that you can now starch all your cotton material with the remarkable, new starch discovery, Linit, and get a finish like pure linen.

Linit makes ordinary cotton fabrics look and feel like pure linen. Because Linit is made by a new, scientific process, it quickly dissolves in water and makes a THIN solution which easily penetrates the fabric, strengthens it and prevents wear.

Begin tomorrow to use Linit for every kind of fabric in your household—whether lawn, cotton, gingham, lace or curtains.
